All orders under $5.00 must include $.25 for handling. The above also applies to overseas orders. However, we cannot be liable for coins sent to countries that do not provide for insurance.

Applicable Texas Sales Tax must be included on all intra-Texas transactions. Texas dealers must furnish their permit number in order to be exempt from the tax. All prices quoted are in United States Funds.

All items are guaranteed to be genuine unless otherwise noted. All items except books and coin supplies are sent on five day approval. Unless prior extension is arranged, all items must be completely paid for within fourteen days after their dispatch from our offices.

N/La	Quite similar to the above type, but rose instead of blue. This is actually an unlisted type in Clark's Book, and is of the utmost rarity. In several years of dealing in Guatemalan notes, it is the only one we have had the priviledge of handling. The serial number is #448, and it is surmised that only a few thousand were issued, and, of course, only a few remain. This is the first one we have ever offered. Sept. 29 1896. IBNC. F	75.00
N/Lb	Another type with some similarity to the above types, but apparently a transitional type used between. The large "CIEN" which normally appears in the background is not visible. The blue is much lighter and ungrained. Signatures are of course also different than the normal type. This is indeed a rare note, and we are offering it for the first time. Dec. 14 1907. IBNC. EARLY MEDALS

HISTORIC MONUMENTS IN MINIATURE

We recently purchased the largest collection / accumulation of Argentinian medals known to us. This collection was purchased for research in conjunction with a book we are planning on the subject. As all alert collectors know, historic medals are gaining momentum. The wide acceptance of the books published or distributed by us is a clear indication of this fact. MEDALS OF MEXICO - VOLUME I (retail 12.50) and MEDALS OF ECUADOR (retail 2.50) are both selling well, and we are in fact now distributing a truly great book in this field MEDALS OF MEXICO - VOLUME II (1821-1971) by F. W. Grove (retail 15.00).

If you have an eye for beautiful things, or who simply are interested in the fantastic investment potential of these items, this is the time to buy them. The beautiful high relief portrayals of national heroes, allegorical figures, art, trains, ships, and indeed dozens of different motifs are of typical turn of the century workmanship. They were produced in truly limited quantities--sometimes in the hundreds. No midget medals are included; all of them are dollar size or over, many running 60 mm. or more.
